RE: Reissuance of Approval of Intermodal Container Facility for:
Bridgewater Resources, Inc.
Township of Bridgewater, Somerset County
Facility ID No. 1806001422

Dear Mr. Horner:

The Office of Permitting & Technical Programs of the Division of Solid & Hazardous Waste is hereby reissuing the Intermodal Container Facility Approval (ICFA) that was issued to your firm on July 28, 1998 and later modified and reissued on March 27, 2000, in response to the facility's modification request of November 30, 1999. It is noted that additional information was submitted on March 22, 2000 and April 6, 2000 in support of the request for modification.

The approved modification revises the amount of solid waste that maybe accepted from sources other than the BRI Transfer Station/Material Recovery Facility from a maximum of 200 tons per day to 800 tons per day. The maximum quantity of solid waste that maybe accepted from the BRI Transfer Station/Material Recovery Facility remains 1400 tons per day with the restriction that the total waste acceptance at the Intermodal Container Facility remains at a maximum of 1600 tons per day.

It is noted that the decision to approve the modification to the subject Intermodal Container Facility Approval was subject to a thirty (30) day public notice. The public notice was prepared in accordance with the procedures established at N.J.A.C. 7:26-3.6(n). The notice to the public began on April 17, 2000 and ended on May 17, 2000 and the Department did not receive any comment regarding this matter.

The facility number that had been previously assigned to your registration package, under N.J.A.C. 7:26-3.6 is 1806001422 and is not affected by the reissuance of this approval.

Be advised that all correspondence pertaining to this filing package must refer to the assigned facility number. The site is located on Block 6101, a portion of Lot 3.2; and Block 6102, a portion of Lot 1 in Bridgewater Township, Somerset County, New Jersey.

The reissued authorization continues your authority to construct and operate your Intermodal Container Facility provided that the operation of the facility complies with the performance standards set forth at N.J.A.C. 7:26-3.6(g).

The construction and operation of the Intermodal Container Facility shall be conducted in conformance with the following application documents. These documents are:

- (a) Application for an Intermodal Container Facility dated January 1998 and submitted by Kenneth L. Woodruff, consultant for Bridgewater Resources, Inc. on March 16, 1998;
- (b) Drawing BR-12-200-1, Revision 4, dated August 10, 1999 Proposed Site Plan for intermodal container facility (Bridgewater Resources, Inc.) signed and sealed by Harry M. Betzig, P.E., N.J.P.E. License No. 19026 on February 22, 2000 and submitted on February 24, 2000;
- (c) Response document dated May 15, 1998 and submitted on May 18, 1998 by Kenneth L. Woodruff, consultant for Bridgewater Resources, Inc.; and,
- (d) Letter dated February 23, 2000 and submitted on February 24, 2000 by Kenneth L. Woodruff & Associates to Rama Thangada, Bureau of Hazardous Waste & Transfer Facilities.
- (e) Letter dated November 24, 1999 and submitted on November 30, 1999 by Kenneth L. Woodruff & Associates to Mr. Thomas Sherman, Assistant Director, Office of Permitting, Division of Solid & Hazardous Waste requesting to allow acceptance of containerized solid waste up to 800 tons per day from sources other than BRI Transfer Station without any increase in the maximum approved capacity.
- (f) Letter dated March 14, 2000 and submitted on March 14, 2000 by Kenneth L. Woodruff & Associates to Mr. Rama Thangada, Bureau of Hazardous Waste & Transfer Facilities providing additional information on facility operation.

- (g) Letter dated March 29, 2000 and submitted on March 29, 2000 by Kenneth L. Woodruff & Associates to Mr. Rama Thangada, Bureau of Hazardous Waste & Transfer Facilities providing a copy of Traffic Impact Study prepared for Bridgewater Resources, Inc. Transfer Station/MRF by Mc Donough & Rea Associates.

The reissued approval continues the authorization for a Intermodal Container Facility for Bridgewater Resources, Inc. to accept 1600 tons per day of solid waste in sealed containers and to utilize rail transportation for carrying the waste to out of state approved landfills. This solid waste shall be received from the existing Bridgewater Resources, Inc. (BRI) transfer station/materials recovery facility which has been previously approved to receive and process 1400 tons per day of solid waste. The approved modification authorizes the intermodal container facility to accept up to 800 tons per day from sources other than the BRI Transfer Station/Material Recovery Facility.

The reissued approval continues to authorize the Intermodal Container Facility to accept waste ID 10, 13, 23, 25 and 27. The combined total for all categories of waste accepted at the facility shall not exceed 1,600 tons per day as mentioned above. You are informed that Department approval shall be obtained prior to any expansion, enlargement or other modification to the approved operations.

Eligibility for this reissued authorization shall terminate and the facility shall cease operations if any of the following occur:

- 1) The owner or operator fails to obtain any applicable permits or approvals required by Federal, State, county and local statute, rule and ordinance, including but not limited to: Green Acres Program, Stream Encroachment, Wetlands, NJPDES/DGW, Sanitary Landfill Closure/Post Closure, Soil Conversation District approval, etc.;
- 2) The owner or operator fails to comply with N.J.A.C. 7:26-3.6 or;
- 3) The Department determines that the facility poses a threat to public health, safety, or the environment.

You should be aware that N.J.A.C. 7:26-4.3 requires a \$260.00 compliance monitoring fee and N.J.A.C. 7:26-4.7 requires an annual fee of \$150.00 for the costs of reviewing and maintaining the quarterly reports. Both fees are due on January 1 of each year.

If you have any questions regarding the Department's decision, please contact Mr. Rama Thangada of my staff at (609) 292-9880 or at our e-mail address: rthangad@dep.state.nj.us.

Sincerely,

Thomas Sherman
Assistant Director
Office of Permitting & Technical Programs
